

Comprehensive Feedback System

The objective of the comprehensive feedback mechanism is to achieve quality enhancement. The comprehensive feedback involves collection of feedback from all the stakeholders. which helps in monitoring the academic content and processes thereby achieving quality sustenance and progressively quality enhancement.

The comprehensive feedback mechanism comprises of 3 phases:

Feedback collection: It mainly involves a structured method of collection of feedback. It is conducted through a well-designed questionnaire employing rating scales which facilitate objective Analysis. Open ended questions are also used in some of the methods for qualitative feedback.

Feedback Analysis and Reporting: The Feedback collected is analysed by a team of IT programmers of the college under complete confidentiality. The analysis is submitted to the Principal and Management.

Action taken: The Principal and Management decide the plan of action to improve the gaps. The action ranges from. counselling and mentoring to teaching staff to corrective actions and improvements.

Teacher Feedback: 2021- 2022

Feedback is an essential element of the learning process. The institution collects the feedback on various curriculum aspects and courses from different stakeholders such as the students, alumni, faculty, Employers and Parents through various surveys and questionnaires. The feedback collected from such individuals has been analysed and taken to the consideration for the development of curriculum, teaching learning process and environment.

Feedback on various aspects of curriculum is sought from all faculty members of our college, coverage of both theoretical and practical components in the syllabus, the coherence of the syllabus with Programme Outcomes, involvement of the field experts while designing the syllabus, focus on necessary technical/ teaching skills, ensuring components that inculcate ethical values, enlisting reference books, focus on flexible curriculum based on current trends, updated elective courses etc. As teachers play a pivotal role in designing and implementing the

Employer Feedback 2021- 2022

The training and Placement Cell of our college serves as an interface between the students and the corporate world today. The placement cell not only provides opportunities to students for their placements but also helps them in grooming up their personalities by organising various interactive training sessions. The cell has achieved great placement targets in the previous years and has maintained its relations with all its employers.

Each year the cell invites all suitable companies for campus placements and takes pride in the companies that visit our campus. Many companies like Macarius Digitech, ICICI, Vibgyor Advisors, Piramal, Lakme, MAAC, Knowledge Park and many more have been satisfied with the student pool and knowledge of our students and have been our employers for many years at the same time many new companies join our list of employers every year.

The College Placement Cell collects their feedback to determine the companies' level of satisfaction with respect to quality of students participating in the placement drives, analysis of which is as follows;

- On communication skills, most respondents have rated the participants as happy (39%), very happy (29%) and Satisfied (25%). 100% respondent employers confirmed that participants are open to new ideas and learning new techniques. On leadership skills, most respondents have rated the participants as happy (50%), very happy (29%) and Satisfied (21%)
- The response pattern indicates that the employers prefer students having experience of teamwork.
- The ability to take up extra responsibility shown by the alumni from our college, according to their employers, is 100%.
- Employers have the option that the curriculum has relevance to the industrial needs.
- Most of the employers also observed that the curriculum is capable of imparting leadership qualities.

Even though the feedback given by our employers has always been positive, the cell organised various training and development sessions and workshops throughout the year to

Students Feedback 2021- 2022:

Regulatory bodies have a mandate to set norms and standards for regulating the quality of educational institutes. Stakeholders need to orient their mindset to quality and then only we can dream of a system - that satisfies all. Quality vs Quantity has always been a thought-provoking issue. As key stakeholders, students are concerned about the expected outcomes. Since the education scenario is drifting from output-based system to outcome-based system, quality in such processes needs to be addressed. We need to ensure that the outcome parameters vis a vis the objectives are mapped, and the programs are in tune with the global trend. Satisfaction of stake holding students has always been a challenge. Since Quality is a benchmark on road to success and thus the improvement scope is bound to be there in any system. Curricula Review feedback is a process utilised by our institution to solicit information from the key stakeholder i.e., students on different aspects of the curriculum. Since the students are the most important stakeholders of Higher Education systems, the interest and participation of students at all levels in both internal quality assurance and external quality assurance must play a central role. The college has obtained feedback on academic curriculum from students through questionnaires, the resulting analysis is as below.

- While 93% of the students agreed and were satisfied that the objectives of the syllabus were well defined and clear, almost 92% of the students were of the opinion that the program outcomes were student-centred, and they focused on the knowledge and skills that graduates of the program should be able to demonstrate.
- Most of the teaching learning practices involve solving real life problems. Analysis of feedback received clearly shows that students find these courses applicable to real life problems. Approximately, 95% of the students were satisfied that the course content specified in the syllabus is appropriate and sufficient to understand the topics.

Action Taken report:

The prime aim of this feedback is to ensure that every student has access to competent and qualitative teaching which leads to vibrant academic, social and personal growth. The institution regularly monitors the activity along with other quality initiatives. We need to continuously

incorporate such Quality Initiatives in our systems and follow them in letter and spirit for satisfaction of the stakeholders. A meeting of the curriculum review committee is organised to assess the compiled feedback received from all stakeholders. After rigorous discussion on the valuable inputs given in the feedback, the curriculum review committee performs various modifications in the curriculum, still keeping it consistent with the existing scheme.

- Teachers were informed to explore the possibility to make the teaching learning process more enjoyable.
- In every response, there is a scope for the teachers to create interest among the students about the syllabus, course content etc.
- It was recommended that the teachers should continue preparing for classes on a regular basis to maintain the interest level and generate further curiosity amongst students to further the use of the well-equipped library to gain more insights of the subject.
- It is recommended to the teachers to give sufficient time for interaction to the students to get clarified their doubts and to boost their confidence.
- It is recommended to the teachers to improve the guidance and mentoring process.
- In effect the overall effectiveness of the teachers was to be enhanced.
