Provide printed notes. Use of ICT tools should be done.

Encourage active learning like Debate, Group discussion  
Give/take prompt constructive feedback

1. Should be Teach In All Language.
  2. Teachers Should Be Very Politely With The Students.
- Further, Everything is good.

- 1: Teachers should check on every student, who is not able to understand should pay more attention on them
- 2: monthly test
- 3: sending important questions along with answers... some teachers only send questions and we have to find the answer, it's little difficult for finding the answer as we don't have books, we have the PDF that is sent by the college so it's quite difficult for us.

Good improvement in teaching

Everything is good

- 1- To focus more on individual Students
- 2- To promote more virtual learning

- 1) Make teaching a two way interaction
- 2) Try to reach every student and ask for their doubts.
- 3) Ask them to take a topic for self-learning.
- 4) Give them assignments that need a lot of research, reading and analytical skills.

1. Use ICT tools for better learning and understanding.
2. Keep guiding students for career and teachers should also take initiative.
3. Keep CR election every semester.

Over Institute is best

Teachers should not talk beyond the syllabus when not needed and bring up more active n being students in active participation

It was good experience

Institution should make more use of projector to for teaching.

I would like to suggest to increase more time of lecture or days of lecture in a week for Master students.

Encourage Social Learning

Teachers should be friendly to students. Teachers should explain the students in certain language.
